COMMUNITY PROJECT--South Kanara--Lingappayya Kadu--Manuring with fertilisers--Subsidy--from Community Project funds--Request.

Ref: From the Correspondent, Lingappayya Kadu letter dated 9-7-54.

3921/28.12.54.

A small forest containing mostly scrub jungle, called 'Lingappayya Kadu' in Mulki firka of this Community Project area is a source of green manure supply to the ryots in and around the locality. The 'Kadu' is treated as the common property of the agriculturists of the village and the locality and is managed by a Committee of village ryots. But for want of adequate finance at the disposal of the Committee the Kadu could not be improved to yield more leaf manure. The President of the Committee therefore proposed to manure the shrubs with fertilisers under the advice of the Spl. Agrl. Demonstrator(C.P.). The ryots of the area being small holders of lands and mostly tenants are not able to contribute fully to meet the expenditure of manuring. The Committee, therefore requested for some financial aid from the Community Project to enable them to properly manure the Kadu and augment the leaf wealth and this has been strongly recommended by the Spl. Agrl. Demonstrator, Moodabidri. The area lies in the coastal belt where leaf manuere is sparee and the ryots of 5 villages in and round about Mulki depend entirely on the manure leaves of this forest. With proper manuring the scrub growth, it is expected to get larger quantities of leaves to serve the needs of the locality. I inspected the 'Kadu' and found that it was necessary to increase the leaf yield in the interests of agriculture.

The Committee first requested that the manuring may be done entirely from Community Project funds, but it was informed that the manuring may be done and a contribution from Community Project may be applied for later. Accordingly the Committee has manured the Kadu with 3 bags of ammonium sulphate, the cost of which comes to Rs 115-8-0. Besides the cost of fertilisers, the Committee has incurred charges of Rs. 22-8-0 on coolies engaged for the work.

I am of the opinion that 50% of the expenditure may be met from Community Project funds in this case. I, therefore, request that a subsidy of Rs. (69) sixty nine only may kindly be sanctoned to be paid to the Committee towards the expenditure mentioned above. The expenditure may be counted against the provision in the Overall Programme under Agricultural Extension Scheme.

Sub:- C.P.S. South Kanara Project
Area - Agricultural Extension.
Manuring of Lingappa Kadu -
Subsidy from C.I. funds.

Ref:- From the P.E.O. Mangalore,
Ref. No. 3814/54.C. & 4.9.54.

— x —

Please see the letter from the P.E.O. Mangalore cited. He has reported that the 'Lingappayya Kadu' is a source of green manure supply to the ryots and for want of funds, the Kadu (Forest) could not be improved to yield more leaf manure. The Kadu is managed by a committee, which has manured the Kadu with 3 bags of ammonium Sulphate, the cost of which comes to Rs 11 5-8-0 excluding incidental charges. The P.E.O. recommends that 50% of the above expn. may be met from C.I. funds in this case and requests that a subsidy of Rs 69/- may kindly be sanctioned to be paid to the committee towards the expn. mentioned above.

It is subd. in this connection that either subsidised sales or grant of subsidies are not allowed under the C.I. Scheme except for small amounts.

P.T.O

as would be necessary to meet the needs of demonstration activities. It may not therefore in the usual course be possible to sanction the expre as subsidy. The expre. has already been incurred by the committee of the Kadu and it has been stated that larger quantities of leaves can be expected on account of this manuring The P.E.OS have already been informed in Memo No. 184 Prb (Rdpx) / 54 - 1 d, 3.9.'54 that subsidy is not allowed under the Cl. scheme etc and that they should get the prior approval of the Govt. for any deviation in the matter. ~~In the circumstances, it is not known that the R.E.O. recommends the case.~~ ~~For which reason the expre may be sanctioned assuming that it is meant for demonstration purposes. as the R.E.O.~~

Not pertinent.

Ks 15.1.55 ~~may~~ The R.E.O. has recommended (being half of the expenditure incurred by the Committee) that a sum of Rs.69/- may be sanctioned as subsidy. For orders whether his recommendation may be accepted and a subsidy of Rs 69/- sanctioned as a special case.
